Company Overview

COMPANY PROFILE

- Sq meter of factory: 8000
- Number of employees: 170
- Annual Turnover in 2020: US\$10.725.552
- Annual Turnover in 2021: US\$12.012.619
- Annual Turnover in 2022: US\$13.802.499
- Export %: 99%

Manufacturing QMS: ISO 9001:2015

Until Now

Neway has become a leading manufacturer of **silicone rubber, plastic & metal products** in the European and American markets and has been recognized by the fortune 500 companies in the world. With sophisticated equipment and experienced employees, we are able to make repeated positioning accuracy within tolerance

BELOW IS NEWAY'S STORY

What are our advantages as a one-stop rubber, plastic & metal products expert?

2019

We have brought in **double-color and triple-color injection molding** technology and equipment.

2018

Due to the demand of biomedical customers, we have put in **10,000 level dust-free production workshop**.

2017

We have invested in a **CNC machining factory**, specializing in the production of **high precision** metal parts and plastic parts by CNC machining process.

2015

Since many customers need extrusion items, the **4th factory** established, specializing in the production of foam, rubber and plastic products in extrusion process.

2013

We have brought in **3D printing technology**, including SLA, FDM, SLS, FFF and CNC machining processes. In order to help customers to more effectively verify their design, and small batch trial production.

2011

With the continuous increase of export business, **NEWAY Company** has established. In order to provide better export service to customers, we gathered many excellent foreign trade salesmen, professional engineers and export customs declaration officers.

2009

Join in Alibaba and help us to sell all over the world.

2008

World Economic Crisis, the whole industry is in a downturn, but under the excellent leadership of our boss, the company's turnover has increased by 300%. The **3rd factory** established, specializing in the production of Silicone Rubber products in compression molding and injection molding process.

2005

According to the market and clients demand, **2nd factory** established, specializing in the production of plastic injection molding products.

2004

Stated export business, first client from Germany, due to their high requirements, our management, technology and quality have been improved quickly and mature.

2002

Established the **1st factory** - Mould making, specialize in Plastic injection mold, Rubber mold and the related spare parts, as a local mould making supplier.

1995

The founder Mr. Yang started his mould career as a designer & machinist.

About us

XIAMEN NEWAY

Xiamen Neway Rubber & Plastic Products Co., Ltd. & Neway Industry Limited are sister companies. We're professional manufacturers of Custom Plastic Parts, Silicone Rubber Parts & Metal Fabrication, located in Fujian Province, China, specializes in these fields since 2002. With complete supply and production chain from R&D, 3D printing prototypes, mould design, mould making, parts mass production, printing, assembling, inspection, packing & inspection to export.

NEWAY has obtained **ISO 9001:2015** certificates, dedicated to strict quality control and thoughtful customer service. We seriously take care of the quality control from IQC to OQC, throughout each step of the production. Let us show you our quality control:

For raw materials, we'll do the **IQC** in time. All materials are procured only from the verified suppliers, who have implemented and maintain certified quality management systems in their plants. With full certificates, such as RoHs, Reach, MSDS, FDA, LFGB, UL, EN549, BPA free, EN71, and so on;

For pre-production samples, we'll provide several pieces to our clients for assembly and function testing. We will seal the samples in time once they're approval.

For Bulk Production, we'll do the **IPQCS & PQC** (Multiple Sampling Inspection) during production and we'll do the **FQC** (Sampling Inspection) after deburr or breaking sharp edges. In order to timely find problems, solve problems, reduce defective products, reduce manufacturing costs.

After packing and assembling, we'll do the **OQC** (Sampling Inspection) to make sure the final goods are qualified.

NEWAY has a strong professional team, who are able to create products to meet the specific needs of our customers for OEM base and offer you professional suggestions for your projects. We'll send you the design for manufacturability (**DFM**) analysis within 2 working days after get your approval on our prices.

Through years' experience and development, NEWAY has become one of the biggest Rubber & Plastic, and Metal Fabrication industries and the leading exporter in China, and built an impressive reputation from our partners and customers home and abroad. Based on our great quality, competitive cost, professional technical supports and satisfactory customer service, our products have been exported to USA, South America, Europe, Australia , South Africa , Middle East and Southeast Asia , etc.

Work with Neway, your business is in safe and your money is in safe.

Advantages

XIAMEN NEWAY

Neway has various production processes, more conducive to the quality control of complex assembly projects:

- ◆ **Plastic Parts:** We're not only good at Injection molding, extrusion molding, but also vacuum casting process for small order.
- ◆ **Silicone Rubber Parts:** We're not only good at compression molding, injection molding, transfer molding, die-cutting, but also extrusion molding.
- ◆ **Metal Parts:** We're concentrated on CNC machining. We have sophisticated equipment and experienced employees, we are able to make repeated positioning accuracy within tolerance 0.005mm, providing strong guarantee for precision parts.
- ◆ **Mould Making:** We can also export the Plastic injection mold, Rubber compression mold and the related spare parts.
- ◆ **Prototyping Services:** We're not only good at 3D printing, Vacuum casting, CNC machining, but also can make 1 cavity sample mold.

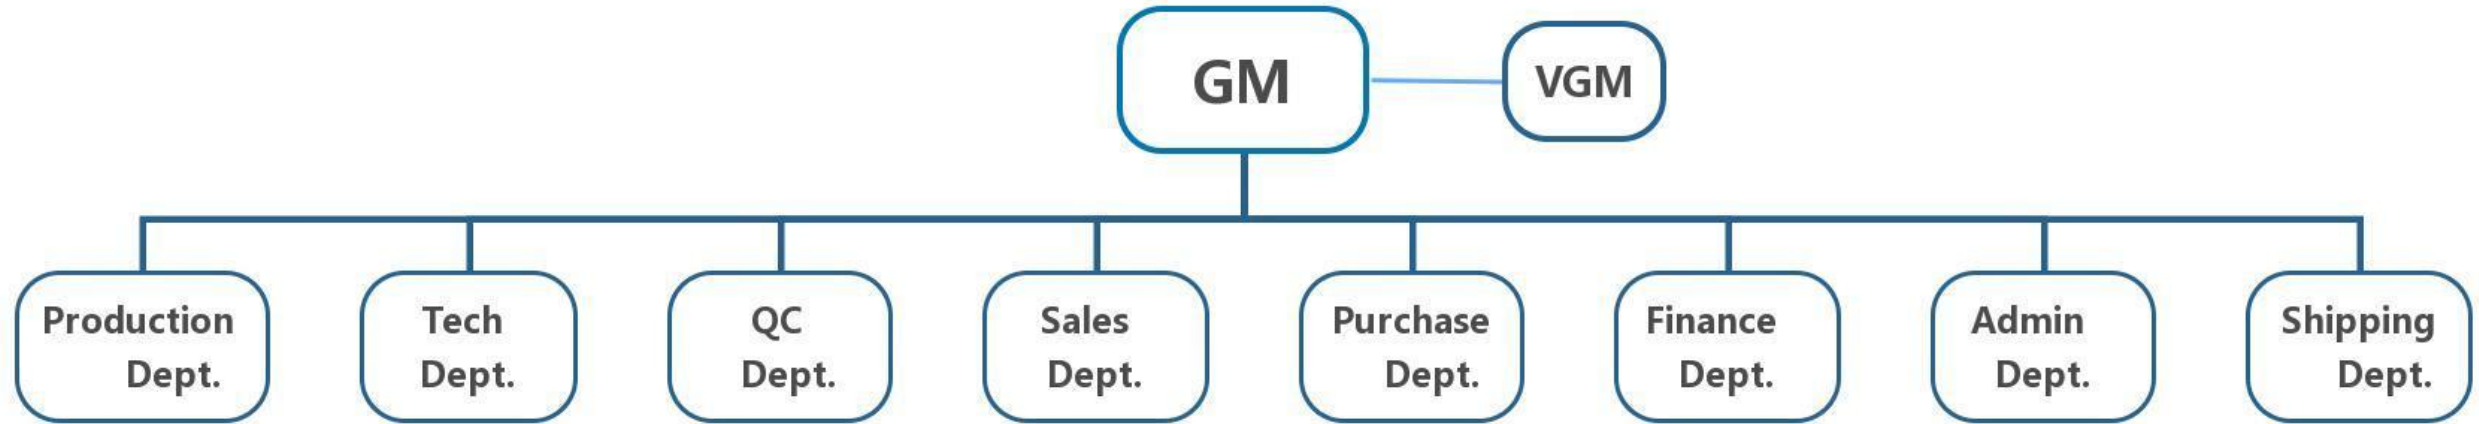

We strive to exceed our customers' expectation in all aspects of product manufacturing process, and recognize our great responsibilities to our customers, employees, suppliers and society. We keep adopting advanced production facilities to improve efficiency and ensure high and stable quality, and further reduce the production cost.

Having one supplier like Neway for the complete assembly will allow for better design, quality, and fit of all the individual parts.

Quality Control Process

XIAMEN NEWAY

We seriously take care of the quality control from IQC to OQC, throughout each step of the production.

管理事项	责任范围	管理区分	管理重点、要求
1. 制程产量	1. 每日产量及 每小时产出必须 符合最低标准。	人	1. 制程产量及产量波动率 2. 制程品质及制程效率 3. 制程成本及制程安全
2. 制程品质	1. 制程不良率 2. 重大异常立即 处理, 马上汇报。 3. 制程异常一切产出必须 追溯不良。	事	1. 制程品质波动 2. 制程稳定性 3. 制程安全
3. 制程成本	1. 物料 2. 人员 3. 工具具	时	1. 制程成本波动 2. 制程效率 3. 制程安全
4. 制程安全	1. 物料 2. 人员 3. 工具具	地	1. 制程安全 2. 制程效率 3. 制程成本
5. 制程效率	1. 物料 2. 人员 3. 工具具	物	1. 制程效率 2. 制程品质 3. 制程成本
6. 制程改善	1. 物料 2. 人员 3. 工具具		1. 制程改善 2. 制程品质 3. 制程成本

仓库管理职责

1. 及时、准确维护库存管理制度, 确保仓库物品的帐、卡、物三者一致, 仓库区域划分明确, 物品标识清楚, 存卡记录连续、字迹清晰;
2. 做好仓库物品的收发存管理, 严格按流程要求收发物品, 并及时跟进作业物品的发送, 协助财务成本管理组对物品采购与成本的控制和监督;
3. 与售后、销售人员密切配合, 做好物品的调度工作, 切实履行物品储备和配送的物流职能, 并及时向仓库管理员反馈物品的短缺或过量采购等异常情况;
4. 对物品管理的有序性、安全性、完整性及有效性负责, 对物品实行分区存放管理, 确保库容库貌; 定期或不定期向财务部报告物品存货质量情况及呆滞积压物品的分布, 按要求定期填制提交呆滞报废物品的处理申请表。
5. 做好仓库各种原始单证的传递、保管、归档工作;
6. 负责物品的收发、报检、出入库、退货、储存、防护等工作。
7. 售后与营销人员在仓库管理员的指示下负责货物的装卸、搬运、包装、物流提货、发货等工作。

原材料管理制度

1. 原材料进厂入库, 仓库管理人员应检查包装物是否受潮、破损, 产地、日期等严格把关。
2. 合格的原材料入库后应填写库存入库卡, 包括名称、来源、编号、到货日期收入量、发出量、结存量、经受人应记录收发情况。
3. 存放区应保持清洁, 应分类、分区按批存放。
4. 原料在流转中应严格称重计量, 由发、领双方共同签字。
5. 原料保管做到科学保养, 搞好清洁卫生, 及时检查安全、通风、防潮消防器材及安全标志等设施。
6. 对变质、过期原料应及时处理。
7. 积极做好防火安全工作, 杜绝不安全因素的发生。

仓库管理职责

1. 及时、准确维护库存管理制度, 确保仓库物品的帐、卡、物三者一致, 仓库区域划分明确, 物品标识清楚, 存卡记录连续、字迹清晰;
2. 做好仓库物品的收发存管理, 严格按流程要求收发物品, 并及时跟进作业物品的发送, 协助财务成本管理组对物品采购与成本的控制和监督;
3. 与售后、销售人员密切配合, 做好物品的调度工作, 切实履行物品储备和配送的物流职能, 并及时向仓库管理员反馈物品的短缺或过量采购等异常情况;
4. 对物品管理的有序性、安全性、完整性及有效性负责, 对物品实行分区存放管理, 确保库容库貌; 定期或不定期向财务部报告物品存货质量情况及呆滞积压物品的分布, 按要求定期填制提交呆滞报废物品的处理申请表。
5. 做好仓库各种原始单证的传递、保管、归档工作;
6. 负责物品的收发、报检、出入库、退货、储存、防护等工作。
7. 售后与营销人员在仓库管理员的指示下负责货物的装卸、搬运、包装、物流提货、发货等工作。

注塑模具仓库管理规则

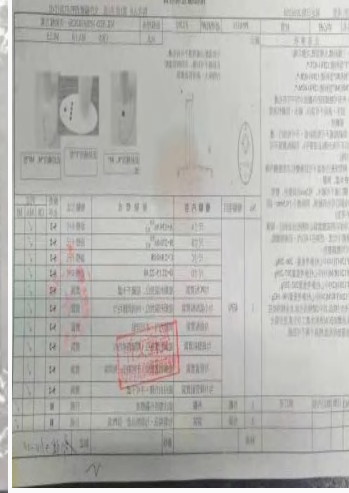

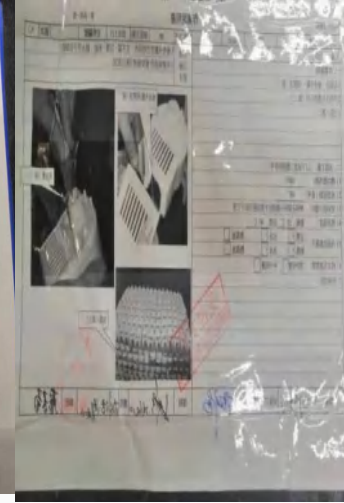

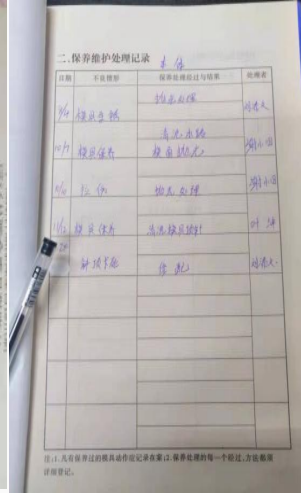

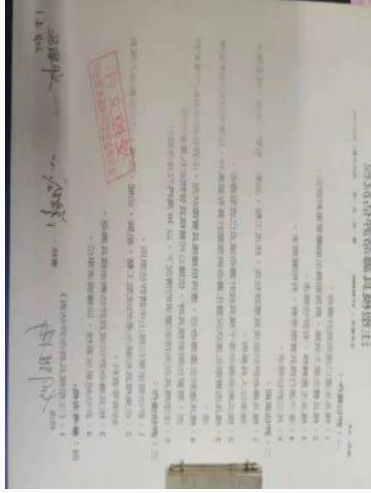

- 一、模具库位管理
 1. 每一模具都有相应的库位。
 2. 相同型号的模具库位宜统一管理。
 3. 相同系列模具向区域放置管理。
 4. 模具“闲置”不可使用等级具与使用中模具分开, 并且同区域放置管理。
 5. 模具存放位置不得露天, 要干燥、整洁、安全、防潮、防雨等。
- 二、模具资料管理
 1. 要有完整的齐全的模具总帐册。
 2. 要有依系列划分的模具分帐册。
 3. 要有模具共用资料库的体现资料。
 4. 要有模具生产编码的帐册。
 5. 特殊性质的模具要有相应的体现资料。
 6. 新模具要有单独的管理帐册。
 7. 模具进出仓库要有相应记录。
- 三、模具进出管理
 1. 模具出库时要检查相应的附件齐全, 退回入库时要检查其完整性。
 2. 模具进出库要及时准确登记, 保障每一副模具去向明确。
 3. 模具出库生产, 要提醒相应单位, 生产要注意的事项, 尤其有特殊结构的模具。
- 四、模具维护保养管理
 1. 模具入库前, 要有去水水份, 上防锈油, 配件检查齐全等基本动作。
 2. 每日检查模具安全及整洁状况。
 3. 长期未生产之模具, 要有防锈检查, 使用前要保养再量产。
 4. 有故障之模具, 要模具维修OK后再入库。

Plastic injection molding Line

XIAMEN NEWAY

We have 19 sets injection molding machines, includes the multi-color injection molding machines, the biggest one is 2200T.
Our capability for Plastic products is up to 2000mm (18kg).

Silicone Rubber Production Line

XIAMEN NEWAY

We have plate vulcanizing machines, vacuum vulcanizing machines, and injection molding machines.
Our capability for silicone rubber part is up to up to 1800*800mm.

Extrusion Production Line

XIAMEN NEWAY

We can produce strips in both plastic materials & rubber materials. Rubber hose & foam rubber sealing are available also.

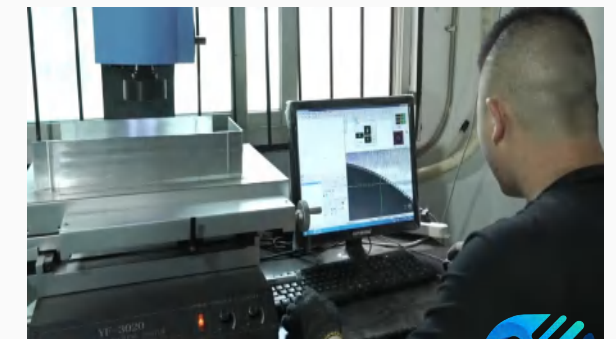

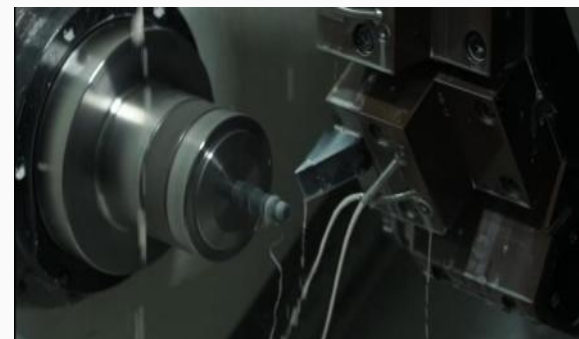

CNC Machining Production Line

XIAMEN NEWAY

CNC machining on metal parts and plastic parts. We are able to make repeated positioning accuracy within tolerance 0.005mm, providing strong guarantee for precision parts.

We have 11 sets CNC machines (6 sets 4-axis machines), 15 sets CNC lathes and 4 sets milling machines.

Customers (For reference)

XIAMEN NEWAY

Ratings from customers

Custom Silicone Flat Caps

Victoria is a pleasure to work with. She knows her products and has a fast response time. I had a custom job done with her and her team and the quality of the product is excellent. Delivery was fast and packaged well. will continue to work with them moving forward. Highly recommended.

Custom Plastic Injection Molding Plastic Part Mouldi...

I like your products very much. The quality and packing are very good. We look forward to further cooperation next time.

H Profile Transparent PVC Plastic Extrusion Extruding...

Neway is a very professional supplier. Provided many solutions to make our project perfect. We're very appreciated to have so good a supplier.

Auto Wiring Harness Door Rubber Grommet

Good supplier and good supports. Product is at the right quality. Recommend

Custom silicone sleeve and buttons sample

My company is very happy with the service we have received so far. Very fast and amazing communication.

High Precision Compression Rubber Mould

This custom tooling was designed and developed very quickly. Delivery was arranged, packed safely, and moved fast. Product quality exceeds expectations. Highly recommend working with this team. Communication is excellent.

Plastic Parts

We have cooperation with NEWAY for more than 40 projects till now. And we have confidence we will do more and more business in the future !!!

Rubber Washer

Fantastic service, very easy to deal with, and the product was exactly as asked for.

30mm Ring Pull PVC Suction Cup Industry

great service and great product. Kelly was an excellent help with my custom suction cup order. Very pleased with this manufacturer!

Custom Self Adhesive Solid/Foam Silicone Rubber Pad

They were very responsive, shipped early and the pads are good quality. Highly recommend.
